CLIMATE DESIGNERS

STRADA

Fuerza cálida, regio diseño

- Robusta carcasa con panel frontal liso y estilizada rejilla de aluminio.
- Parcialmente premontado para una rápida instalación.
- Tecnología Low-H₂O con intercambiador de calor superconductor y ultrarápido para mínimo consumo de energía y máxima emisión de calor.
- Twin Power para una compensación más rápida del aire frío proveniente de las fachadas acristaladas o de las rejillas de ventilación en la ventana.
- Opcional: unidad de ventilación Oxygen Home integrado para renovación de aire.
- Valvulería integrada y conexión oculta.
- Temperatura de contacto segura.
- **30 años de garantía** en el intercambiador de calor.

STRADA

DIMENSIONES (en cm)

ENTREGA

Fácil de instalar por una sola persona. Suministrado en una útil caja de cartón que sirve también como protección durante la obra.

Suministro estándar:

- intercambiador de calor Low-H₂O con soportes de pared, kit de fijación, purgador extendido 1/8" y tapón de vaciado 1/2"
- carcasa parcialmente premontada para conexión inferior izquierda o derecha
- tapa-embellecedor efecto acero inoxidable para la abertura no utilizada

COLORES

Respetuoso con el medio ambiente, lacado en polvo resistente al rayado con alta resistencia a los UV.

Colores estándar:

- blanco tráfico RAL 9016 (133), "soft touch" satinado ligeramente estructurado
- gris metálico arena (001), textura fina metálica

Otros colores: ver carta de colores.

CONEXIÓN

Conexión estándar:

Conexión inferior izquierda o derecha, reversible en obra. Hacia la pared completamente oculto o hacia pared o suelo con 2 llaves de cierre justo por debajo del radiador.

Impulsión y retorno siempre a 5 cm en horizontal justo por debajo del radiador o vertical dentro de la carcasa, según la valvulería elegida.

Cabezal arriba opcional:

Añadir al código del radiador /30 (izquierda) o /60 (derecha)
 Ej. STRW.035 050 06.XXX/60

Precios ver página 138.

Para regulación fuera del radiador:

Añadir al código del radiador /00 para los 2 laterales cerrados. Ej. STRW.035 050 06.XXX/00
 Solo con llave termostática vertical (para actuador térmico o control a distancia), 2 detentores o válvulas en el colector de distribución.

SETS DE CONEXIÓN

Hacia la pared, totalmente oculta dentro de la carcasa

Cabezal termostático y racores Eurocono 3/4" incluidos.

Para Strada tipo 06, usar set 25

set 225
